## Gunditj Mirring Fact Sheets

### Yellow-tailed Black Cockatoo

The Yellow-tailed Black Cockatoo is known as 'Willan' or 'Kappatj' in the Dhauwurd Wurrung language of the Gunditjmara. It is an important animal for the Gunditjmara people.

# SUPER STUDENT

## Amelia Stach

Introducing Miss Amelia our deserving Super Student in 2/3V. Amelia is an AMAZING worker in our classroom. She always works hard at everything she does. She loves to write stories and you should see her NEAT handwriting. Amelia has worked really hard to improve her reading skills and you should see the confident way she can work out fractions. We LOVE her kind and caring nature in our classroom. Amelia you are definitely a SUPER Student.

## Kooper Overall

Congratulations Kooper on being our SUPER STUDENT. Kooper is a really hard worker in our classroom. He LOVES to help others and is always looking for ways he can do this. Kooper was a SUPER learner and SUPER worker during our learning from home. He kept Mrs Mac very busy on seesaw completing lots of AMAZING work and keeping fit by doing lots of different types of exercise. Keep being SUPER Kooper.

WELL DONE!

23V

## Notes from Mrs Hulonce...

It's hard to believe the end of term is almost here. What a term it has been! I have said it so many times, but I just feel so incredibly grateful for our whole school community.

We have all learnt so much more about ourselves and each other.

Staff have been busy this week with a few different ideas. These include:

- SEESAW- Use within the classroom, as a learning tool, lesson delivery option and celebration of student work.
- ASSEMBLIES- Determining how we can do assemblies over the PA system heading into Term 3. This has worked well, but we think we'll try fortnightly assemblies, to minimize the interruption to learning. These will occur on a Friday afternoon, with a roster of Student Leaders presenting.
- Fun Fridays/ "CLUBS"- on a Friday afternoon. Students have brainstormed activities they would like to do in a structured social learning space. These have included things like; lego, loom bands, gardening, basketball, reading, cooking, puzzles, reading, sports, bike riding, Just dance and so much more. Staff are now deciding what they'd like to take so we can end the weeks on a positive, social note.

## Next week-

Is the last week of Term 2! It has come around so fast, and we are all feeling ready for a break. School will finish at 2:15 on Friday 26<sup>th</sup> June!

Student reports are being written now, and I will have the pleasure of reading them this weekend. We won't be holding formal student led conferences, due to DET guidelines, but we can all log onto SEESAW and see the fabulous work our children have been creating online.

If you would like to meet with your child's teacher, please contact the school office on 5523 4122 and we'll arrange an appointment time. I have managed a few parent Webex meetings of late, and it's almost as good as the real thing. We were able to talk about assessments and test results and really discuss the children's progress. It's pretty amazing that we are able to adapt to a new way of working.

Have fun!

**'Choose to be more optimistic, it feels better.'**

**– Dalai Lama XIV**

## Confidence

### How to Be More Optimistic

<https://kidshealth.org/en/teens/optimism.html>

If you tend toward mostly pessimistic thinking, you can get better at seeing what's good. Here are some things to try:

**Notice good things as they happen.** At the end of the day, take 10 minutes to run through your day and come up with things that you're grateful for. Write them down in a journal or keep track using a motivational app on your phone or tablet.

**Train your mind to believe you can make good things happen in your life.** Get in a habit of telling yourself specific things you can do to succeed. For example: "If I study, I can get a better grade." "If I practice, I'll perform well at the audition." "If I go on that volunteer trip, I'll meet new friends."

## 2021 Enrolments

Due to the current health crisis we are unable to conduct school tours for 2021 enrolments.

We are still available for contact via phone or e-mail in regard to 2021. Enrolment packs and forms can be accessed from the school or via school websites.

All schools in the Portland and District area encourage students to go to their local school. Your local school can be found at [www.findmyschool.vic.gov.au](http://www.findmyschool.vic.gov.au)

If restrictions are eased in June school tours may return as an option.

Please be aware of pedestrians when entering and exiting pick up zones. Thankyou

### Grade 6 students

Please return your Application for Year 7 Placement 2021 forms ASAP.

## LIBRARY BOOKS

All Library books are due to be returned by tomorrow.

### Wedge Tailed Eagle

The Wedge-tailed Eagle (*Aquila audax*) is the largest bird of prey in Australia. With its unmistakable wedge-shaped tail and size it can be easily identified as a "Wedgie". The Gunditjmara name is "Kneeanger".

## Art Smart Online

FANTASTIC ART CLASSES ONLINE

Classes in **REAL TIME** with wonderful art instructors where the kids get to interact with each other and create amazing art together via a virtual classroom.

We make sure it's easy for parents and have created lesson plans that use a lot of things that you would already have, and anything you don't have is an easy, affordable online order delivered to your door.

**Having an opportunity to express themselves and interact with other children is so important.**

*Kids have been loving the classes*

And also parents - in fact we have started an Art Play for Adults because parents wanted to join in the fun. (Details on website if you want to join that as well.)

DISCOUNTED PRICE

**20%  
OFF**

**Only \$12.50 a class!**

**When:** Variety of times available  
so check out the website

**Location:** Your place!

**BOOK NOW!**

Just go to  
[www.artsmartforkids.com.au](http://www.artsmartforkids.com.au)  
(make sure it has the 'au' at the end)

If for **ANY** reason you don't want to continue after the first two classes,  
you'll get a full refund.

## The Life of an NBA Player

**Written by Buddy Sherwell.**

This week in 56B we have been learning about the life of Stephen Hawking. Stephen Hawking was one of the world's most curious minds, and he inspired us to be curious about the past, present and future!

56B

## MY CURIOUS MIND

In the vast expanse of the universe, amongst the millions of stars, you are here. Here to make a difference. Here to shine bright. Keep searching for your purpose and never turn off your light...

Who will win The NBA Championship This year?

Who will win The Football Grand final in 2020?

When was the first Basketball made?

When was the first football made?

What was The first animal in AUS?

What was the first food?  
Who is the first person alive?

## MY CURIOUS MIND

In the vast expanse of the universe, amongst the millions of stars, you are here. Here to make a difference. Here to shine bright. Keep searching for your purpose and never turn off your light...

What was the first app made?

How did sickness start?

What was the first fast food made?

Has anyone touched the Sun?

Who invented internet?

Who made the first house?

## MY CURIOUS MIND

In the vast expanse of the universe, amongst the millions of stars, you are here. Here to make a difference. Here to shine bright. Keep searching for your purpose and never turn off your light...

Will dinosaurs come back?

Do aliens exist?

What was the first book?

What was the first animal?

What was the first planet?

The Bad Guys!

Will we live in space?

What was the first sport?

What was the first movie?

How long will the Earth last?

What was the first song?

## MY CURIOUS MIND

In the vast expanse of the universe, amongst the millions of stars, you are here. Here to make a difference. Here to shine bright. Keep searching for your purpose and never turn off your light...

How are schools made?

How do mines get made?

How are trees made?

Who created GFUEL?

What was the first book?

How are dump trucks made?

When was GFUEL created?

What was the first biography?

Who invented math?

Is there a second black hole?
